WHY CHOOSE PACKERLAND?

Having worked with Bill Koehne during his time with Ark Homes, I found his attention to detail was exactly what Puyleart Bros. Construction needed when it was time to overhaul our website. Bill looked at our existing website and had some great ideas for developing some enhancements. Our website today looks nothing like it did prior to having Packerland Websites transform it. He made the process very simple and smooth and I would recommend them to anyone looking for someone to design, build and manage their website.
