

**Dear Valued Red Wing for Business Customer,**

At Red Wing Shoe Company, we believe we have a responsibility to help ensure that the men and women who build the world around us are safe on the job. From construction and manufacturing to first responders and every other occupation that relies on safety footwear, we are here to serve your needs. The last several weeks have been trying times for all of us, however, we remain committed to a continuation of service to help keep you, your employees and our communities safe and in operation for the longest extent possible.

To do our part in battling the COVID-19 pandemic we are committed to following all CDC and governmental regulations and recommendations. **As a result, our Red Wing Stores in GREEN BAY & APPLETON remain OPEN. We are conducting in-store business by appointment, along with phone-in orders which includes free ship-to-home, ship-to-jobsite and scheduled curbside pick-up.**

If your employees are needing Safety Footwear, they can call our store in Green Bay at (920) 468-7866 or Appleton at (920) 364-0149. Our team will be able to assist them with making an appointment for shopping in the store, or take an order for delivery or curb-side pick-up. Through these options we can assist your employees in choosing the right footwear for their job needs.

If 115 years of making premium safety footwear has taught us anything, it's that we face adversity and challenges best when we face them together.

Sincere Regards,

## **RED WING SHOES**
