Calls for Service Alert Program - City of Green Bay Police Department and City of Green Bay Inspections Division

In the interests of building a better quality of life for all citizens of Green Bay, the Green Bay Police Department works with landlords to resolve minor issues before they become more serious. We believe by taking these steps we can improve our neighborhoods for all concerned. The Landlord Calls for Service Alert Program allows rental property owners, agents, and managers to receive real-time notifications of police calls for service from the Green Bay Police Department and complaints received by the City of Green Bay Inspections Division. This will give you the opportunity to look into the issue and possibly address it before a City Inspector arrives to investigate.
