

**RGHendricks**  
CONCRETE CONSTRUCTION

## Concrete Finisher & Laborer

**Position Type:** Full-Time / Seasonal

**Schedule:** Monday–Friday, ~45 hours/week + paid overtime

### About the Job:

RG Hendricks works primarily on residential new construction, including basements, garages, driveways, and more. We also do stamped concrete and occasional commercial projects. As a Concrete Finisher or Laborer, you'll be an essential part of the team, helping from start to finish on every project.

### What You'll Do:

- Assist on job sites with **grading, forming, rebar, pouring, and finishing concrete**
- Learn new skills and develop advanced finishing techniques (for Finishers)
- Work safely and efficiently in a fast-paced environment
- Communicate clearly with crew members and foreman
- Keep the worksite clean and organized
- Bring a positive attitude and sense of humor to the team

### Additional for Finishers:

- Perform advanced finishing: hard finishing and machine troweling
- Focus on quality to ensure lasting results

### Company-Provided Benefits:

- **Health & Wellness Options:** Options for Health, Dental & Vision, life insurance, short- & long-term disability
- **Retirement:** Simple IRA with 3% match

**RGHendricks**  
CONCRETE CONSTRUCTION

- **PTO:** Paid time off and paid holidays

**Additional Perks:**

- Annual bonuses
- No overnight travel — all work is local (Green Bay & area)
- Organized, clean trucks and facility
- No need to drive your own vehicle — meet at the shop and drive together in company trucks
- Paid to and from jobs, including overtime
- Vending machines for snacks at the shop
- Sports Drink and Water always stocked
- Christmas party and birthday celebrations
- Tools – all tools provided except for tape measure, steel toe work boots, and utility knife
- Clothing provided: company shirts, sweatshirts, and hats
- Reimbursement for work boots/pants
